2018 Northern Australian Emergency Response Competition

On behalf of the MCA NT, I would like to extend an invitation for your emergency response team to attend the 2018 Northern Australia Emergency Response Competition.

The Competition has a strong reputation for creating realistic emergency response scenarios and gives teams the opportunity to test their training methodologies and response capabilities under pressure in preparation for real life emergency events.

Registration gives your team the opportunity to compete in road accident rescue, first aid, breathing apparatus (BA) search and rescue, HAZMAT, rescue from heights and fire fighting. A Theory exam encompassing all of the emergency response disciplines and an individual skills component is also included. Teams experienced in underground rescue also have the opportunity of competing in an underground scenario for an additional fee.

Trophies will be awarded to the winners of each of above named exercises, as well as Most Helpful Team, Team Safety, Best Captain, Best Medic, Best Individual, Best Casualty and Best Adjudicator. A trophy will also be presented to the Best Overall Team.

A copy of each adjudicator's written assessment of each team's performance will be provided to all teams post the event to aid in ongoing training.

All competitors will receive a competition polo shirt. (10 supplied per team).

VENUE: The Outback at Isa – Mt Isa

DATE: Friday 1 June 2018 – Monday 4 June 2018

ITINERARY: All teams will be required to be at Mt Isa by Friday 1 June for final inductions, accommodation allocation and individual skills. Arrival times will be confirmed in due course

A detailed itinerary will be forwarded to those teams attending the competition.

The competition will run from Friday 1 to Sunday 3 June.

The Presentation Dinner will be held on the Sunday evening.

EQUIPMENT: A complete list of equipment requirements will be forwarded to competing teams on completion of the scenario designs.

IMPORTANT: For your comfort we recommend that your team bring suitable clothing for both cold and hot weather conditions.

MINIMUM SUGGESTED SKILLS REQUIRED:

BA Search and Rescue Entry control procedures, donning procedures, search techniques, guideline techniques, patient recovery techniques and doffing procedures.

Fire Fighting RECEO principle of fire fighting, fire ground safety, hose and branch skills (including minor equipment), application of appropriate

Northern Australian Emergency Response Competition
MCA NT

	extinguishing agents, breathing apparatus and make up, care and maintenance of fire fighting equipment.
